

Bal Bharati Public School, Kudgi

Zesthalon 2020-21
An Inter School Competition
Results

“Gratitude is one of the least articulate of the emotions, especially when it is deep.” – Felix Frankfurter

— — —

Zesthalon has been a great success. We are very thankful to everyone for volunteering your precious time in participating in various competitions. We expect it has resulted in a very inordinate experience both the sides. The submissions enthralled us. We expect the same reply to us in a peregrination. The participation of pupils show their potentiality which can blast out through these activities. We have tried and will keep on trying to accentuate the potentialities of the generation.

Gratitude is the open door to abundance and we are expressing our profound gratitude to all the schools and participants and expect in future the similar responses, instead more than this. Thank you one and all.
